A portion of S.No.174/1A of Derebail village, Mangalore taluk registered as "Path and Well poramboke, Labour Department" and measuring 13 cents has been encroached upon by one Shige. She belongs to the Koragar community which is included among the scheduled castes.

value of plot
Rs 13/-

2. The encroachment plot, which is denoted as S.No. 174/1A2 consists of a mud enclosure, a thatched shed and some cashew plants. The age of the encroachment is about 7 months. The value of the land is estimated at Rs. 100/- an acre. There is no objection for the transfer of the plot to Ayan but the encroacher states that she is too poor to pay the site value, either in a lump sum or in easy instalments. I am convinced on enquiry that the encroacher is really too poor to pay any site value either in a lump sum or in easy instalments. I, therefore, recommend that the Board may be pleased to obtain the sanction of Government for the free grant of the plot to the encroacher.

I had recommended waiver of site value in this case

under para 38 (e) of B.S.O. No.15 as according to it free grants of valuable land should not be made except under the orders of Government. B.S.O. No.15-3 (2) referred to in the Board's reference quoted above cannot apply to this case as the plot

not 'assessed waste' but poramboke, which class of land cannot be granted without collecting site value under G.O.No.Mis. 780 Rev. dated 14-4-1937 communicated with B.P.Mis.1398 dated 30-4-1937.

2. The plot S.No.174/1A, though registered as "Path and well poramboke, Labour Department" is under the control of the Revenue Department.

3. The actual extent of the plot is 0.13 acre as shown in my letter under reference. The Shanbhogue showed the extent as 0.14 acre in the ~~sketch~~ sketch, but the Revenue Inspector after check-measurement found it to be only 0.13 acre which is the correct area.

er, Shige, a member of the Scheduled classes. The
value of the plot of land is Rs.13/- (Rs.100/- per Ac.)

3. In G.O.No.780 Rev., dated 14.4.37, the Govt.
accepted the Bd.'s suggestion that whenever portions
of porambokes are transferred to assessed wastes,
market value less reclamation charges, if any, should
as a rule be collected, whether or not the land is
otherwise valuable. On the basis of the G.O. B.S.O.
No. 15 has been ~~amended~~ amended. "Land which is
transferred from 'poramboke' to 'assessed' for purposes
of assignment " has been included as class (f) in
the list of specially valuable lands in B.S.O. 15-22.
Under para 38 (e) of B.S.O.No.15, free grant of
valuable land should not be made except under the
orders of the Government. As the land in question
is valuable under B.S.O.15-22 (f), the sanction of
the Govt. has been applied for.
